Fiberjungle

Heater with cool to touch fiber coating

Minimum Safety Distances (mm)

| | A | B |
|-----------|----------|------|
| | MIN (mm) | |
| DRF3-45NS | 100 | 1900 |
| DRF3-60NS | 100 | 1900 |
| DRF3-75NS | 100 | 1900 |
| DRF3-90NS | 100 | 1900 |

Technical Data

| HEATER MODEL | kW | SAUNA ROOM | | SIZE OF HEATER | | | STONES (kg) | CONTROL |
|--------------|-----|-----------------------|-----------------------|----------------|------------|--------|-------------|----------|
| | | MIN (m ²) | MAX (m ²) | WIDTH | DEPTH (mm) | HEIGHT | | |
| DRF3-45NS | 4.5 | 3 | 6 | 365 | 365 | 930 | 60 | separate |
| DRF3-60NS | 6.0 | 5 | 9 | 365 | 365 | 930 | 60 | separate |
| DRF3-75NS | 7.5 | 7 | 13 | 365 | 365 | 930 | 60 | separate |
| DRF3-90NS | 9.0 | 8 | 14 | 365 | 365 | 930 | 60 | separate |

Fiberjungle

Once in a while I've had a fear for kids fooling around in the sauna, burning their asses on the heater. No more of that issue: We have applied a soft velvet-kind-of material to the surface so you don't burn your skin.

How great is that! Naturally it needs to look good too, and so we integrated my "Jungelfire" pattern into the fiber surface. Fiberjungle...
